Use & Care Guide
ASKOD1876

Kleenmaid eco sensitive dishwasher manual.

1. In this case, remove the upper part of the dishwasher work by unscrewing the screws under the rear edge of the top (a). 02 Programming the table of the dishwasher washing cycle The following table shows which programs are the best for the levels of food residues on the plates and how much cleansing it is necessary. The free extremity of the tube must not be immersed in water to avoid the flow of back. For safety, cut the power cord of the appliance and disable the door closing device. It also improves drying allowing water to roll away from the dishes. If you need to transport the product to an authorized assistance center, it is necessary to make sure it is safe and insured. Curvy or recessed objects must be loaded so that the water can escape. The parameters for the comparability test are in compliance with *as/nzs 2007.1 that begin a washing cycle 1. Lift the filter upwards and outside the coarse filter can be detached the dishwasher. be careful not to fill too much. In the event that a repair request is submitted against this kleenmaid guarantee in which the series number for the product cannot be verified or it is not possible to produce for verification a purchase test for the product (including but not limited to the Original invoice), the repairer does not perform any repair on the product and you are charged a service call commission. Use only detergents and rinsing agents for use in an automatic dishwasher. Attention after removing the upper part of the work, the screws must be screwed again under the rear edge of the top (B). Place the dishes and pots so that they are not moved from the splash of water. All tools are positioned in that the spray arms can rotate freely during washing. Concerned by the dishwasher friction of the frost of the frost, take the frosts of frost of the frost for the dishwasher in winter, especially if the room temperature is likely to be less than 0°C. Potenza Select the appropriate washing program and the selected selected program program will light up. Page 25 Problem Possible causes Solution Excessive suds caused Make sure to use only proper using improper dishwasher detergent Dishwasher leaks detergent Dishwasher is not level Level the dishwasher Use a mild abrasive cleaner to eliminate Black or gray marks Aluminum utensils the marks. Page 8 Do not modify the plug provided with the appliance. Loading the basket 2. Page 7 Packaging material could be dangerous for children!
